

## Parker becomes emergency department nurse manager

Bon Secours Rappahannock General Hospital recently announced Sarah Barrack Parker, MSN, RN, accepted the position of emergency department nurse manager.

Parker was born and raised in White Stone. She received her associate's in nursing from J. Sargeant Reynolds Community College in 2006, and her bachelor's in nursing from Virginia Commonwealth University in 2014. Most recently, she received her master's in nursing with a concentration in nurse leadership and management from Western Governor's University in 2017.

Parker is looking forward to applying her more than 14 years of emergency care experience to work on streamlining everyday operations in the emergency department, as well as take on new initiatives, reported project

coordinator Joanna Marchetti. In her free time she enjoys being out on the water, reading, cooking, or hanging out with her two labs.

"I'm excited to be moving into this new position and continuing to give back to a community that I love," said Parker.
