

Carlisle Chamber Orchestra thanks Carlisle Cultural Council

To the Editor:

The Board of Directors and members of the Carlisle Chamber Orchestra thank the local Carlisle Cultural Council for including us as one of their grant recipients for the 2021-2022 season. The grant will go towards partial funding for our Holiday Concert, date and time to be announced. Follow the Mosquito for more details. Our season will open on Friday, October 29, 2021, at the Carlisle Congregational Church. All of our concerts are free admission with donations at the door greatly appreciated to help sustain the orchestra.

We are very pleased with the progress of our seven-year-old orchestra (although our sixth season was cancelled due to the pandemic). We feel we are continuing in the right direction with increased audience and visibility in the community and are looking forward to many more seasons of providing music for the Carlisle community and beyond.

The Carlisle Cultural Council is a local agency that is supported by the Massachusetts Cultural Council, a state agency.
